Section for Mathematics of the

Hungarian Academy of Sciences

cordially invites you to

Presentation of the 2010 János Bolyai International Mathematical Prize

on 1st December, 2010

**in Ceremonial Hall of
Hungarian Academy of Sciences
(Budapest, Roosevelt tér 9, 1051 Hungary)**

Program

Part 1) Presentation of the 2010 János Bolyai International Mathematical Prize

2:00 pm Opening by **Domokos Szász**, President of the Section for Mathematics of the Hungarian Academy of Sciences

2:05 pm Welcome by **József Pálinkás**, President of the Hungarian Academy of Sciences

2:10 pm Welcome by **László Lovász**, President of International Union of Mathematics

2:15 pm Welcome by **Mireille Martin-Deschamps**, member of the European Mathematical Society Executive committee, elected Vice-President starting from January 1, 2011

2:20 pm Report of the International Prize Committee and Laudatio by **Tibor Krisztin**, Secretary of the Committee

2:30 pm Presentation of the Prize by **József Pálinkás**

2:35 pm   Break

Part 2) Lectures of the 2010 Bolyai and Fields Medal Laureates

3:00 pm *Infinities in Quantum Field Theory and in Classical Computing: Renormalization Program* by **Yuri I. Manin**

3:45 pm Introduction to Stanislav Smirnov by **Bálint Tóth**

3:50 pm *Discrete Complex Analysis and Probability* by **Stanislav Smirnov**

4:35 pm Closing by **Domokos Szász**
