SAFETY ISSUES

Budapest is
safe, but do
not walk alone
in the dark!

Especially if you
had drinks,
especially ladies

**SAFETY MEANS
LOOKING
OUT FOR
EACH
OTHER**

Being of a “visible minority” in Budapest

- Budapest is multicultural
 - In the countryside you may be a curiosity
 - People judge by your clothes first of all
 - You will primarily be viewed as a tourist
 - Prepare for being stared at
 - ... and microaggression
-

**Always lock the
doors of your
apartment –
even if you are
inside.**

**Do not leave your
stuff on the
corridors!**

Beware of pickpockets

Especially on trams 4-6 and 2

**Use common sense
when making
friends on the
street**

In general, Warden duties are not time-consuming, but could be vital in times of emergency.

U.S. citizens around the world who travel or reside abroad can access a newly launched Department of State web site for enrolling their foreign
